GET IN THAT SCRAP

BODIEN RECOMMENDS PULLING ALL SHADES

"Be sure that every shade on every window of the house is drawn to cover the full length of the window, when lights are on in the house," said Arthur J. Bodien, Daly City's dimout officer, in outlining the obligation of local residents in respect to the Western Defense Command's new and more rigid restrictions for dimout areas.

The new restrictions, issued by Lieutenant General John L. DeWitt as Public Proclamation No. 12, demands that all interior light sources be extinguished unless they are shielded so that light sources do not emit direct rays above the horizontal outdoors, nor contribute more than one foot candle illumination on any outdoor area.

In other words, if lighting from inside the house reflects outside at a point above the light, it must be shielded or put out altogether. The Pacific Gas and Electric company, here as in other localities, will shield all street lights on the top side.

Public Proclamation No. 12 consists of amendments to Public Proclamation No. 10 which established the Zone of Restricted Lighting and the rules for dimming out lights in that zone. Coordinating with both proclamations, Daly City introduced at the council meeting, Tuesday night, a city ordinance for enforcement of the dimout here. The ordinance is uniform, and has been approved by the League of California Cities. An identical ordinance has been passed by the majority of cities in California. The ordinance calls for a penalty of \$300 fine or 90 days imprisonment.

Through the Office of Civilian Defense in the ninth region, Bodien, who is also director of civilian defense here, announced Tuesday that a lighting expert is expected to visit Daly City soon and offer additional explanation of all dimout rules. Meanwhile, Bodien asked that everyone see that shades are drawn at all times during the night if there are any lights on.

"The only way to be sure you are complying with the army dimout rules," Bodien said, "is to keep ALL the shades down in the house at night; then you are safe."

"It is little to ask that all lights

Council Hears Dimout Ordinance

Read for the first time to the Daly City board of councilmen, the uniform dimout ordinance, drawn up by the League of California Cities, was introduced at the meeting Tuesday, but no action by the board was taken.

The bill was made necessary by the Western Defense Command's ruling that all unnecessary lighting on the Pacific coast be dimmed out or extinguished.

Daly City was declared by the Ninth Regional Office of Civilian Defense to be most affected by the ordinance. Realizing this, the city council discussed passing an ordinance for dimout violators two months ago, but they were urged to withhold the bill until the league's uniform ordinance for all cities was drawn up. The measure, which orders a fine of \$300 or 90 days imprisonment for all dimout violators, is expected to be passed at the next meeting.

A communication from the Board of Fire Commissioners asking for the city's aid in securing a service flag for Daly City employees and firemen was read at the meeting. The council passed a motion for the purchase of the service flag on which all local firemen who have gone into the

Daly City Youth Receives Soldier's Medal For Heroism 'Somewhere In Egypt'

Through the flames of a burning airdrome somewhere in the Middle East, a Daly City youth displayed heroism and saved many lives on the morning of August 2, after a four engined bomber of the Army Air Forces crashed into the building.

The youth is Sergeant J. D. Smith, well known among young people of this community as "Jack" Smith, 474 Bellevue avenue.

Young Smith was among nineteen soldiers who were cited for bravery in the incident in which many were rescued from the treacherous flames and exploding ammunition which was stored in the building. Smith received the Soldier's Medal for his heroism.

It was shortly after midnight when the giant army bomber, attempting to land after completing a long range operational mission, crashed into a building at the edge of the airdrome. The plane exploded into flames, spreading several hundred gallons of gasoline over a wide area. Eight combat crew members were known to be in the airplane and several persons were in the building, all in a seriously injured condition and

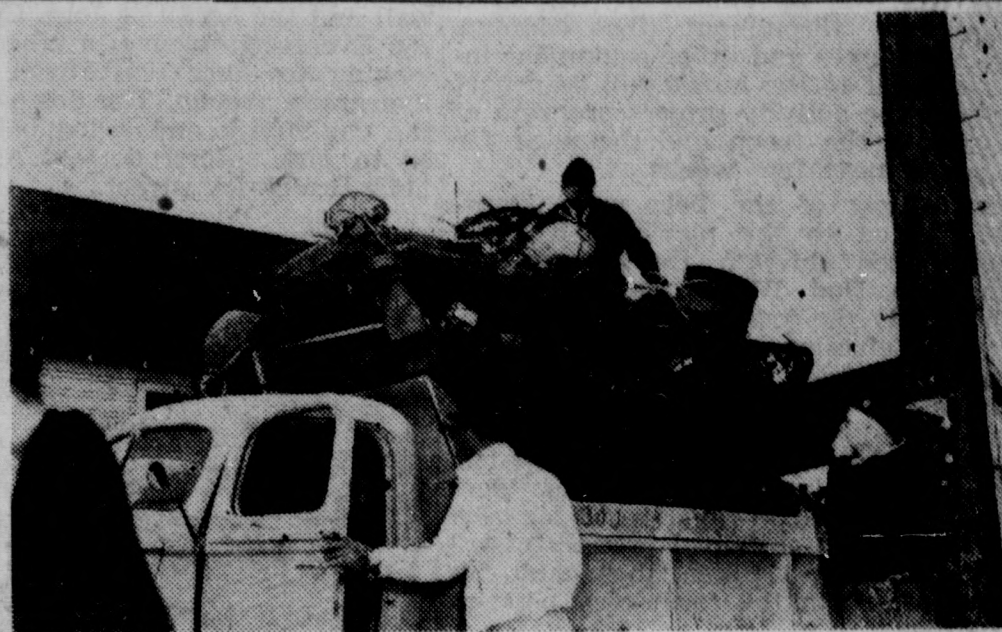

unable to escape. Over three thousand rounds of 50 calibre tracer bullets, incendiary, and ball ammunition were scattered. The intense heat of the flames caused the ammunition to start exploding.

Seeing the peril of those inside the building, Sergeant Smith and his eighteen comrades entered the building and brought out the injured parties time after time until as many as possible were saved.

The Soldier's Medal was presented to each of Sergeant Smith's group on the occasion of one year of the establishment of the United States Military North African Mission. Awards were made in Egypt.

Sergeant Smith has lived in Daly City and received his education at local schools. He attended General Pershing and Crocker grammar schools, and was graduated from Jefferson Union high school in June, 1939. The Soldier's Medal wasn't the first honor to come to Sergeant Smith. When he was a grammar school pupil at Crocker school, he won the American Legion award for scholarship.

The young Daly City war hero is the son of Mrs. Mary Petiti, 474 Bellevue avenue.

Every little bit helps! Bird cages, bed springs, old stoves, toys, pipes—anything metal can assist in defeating Hitler, Hirohito and their henchmen. Last Sunday's drive in northern Daly City was very successful, but let's make the junk pickup in southern Daly City even more sensational, Sunday, October 18. Get your scrap out early so the men from the Legion and V. F. W., and other volunteers, can pick it up and get it on its way to becoming tanks, guns and planes!

Max Was Definitely An Expensive Guest

One Max Galluzzi, San Francisco, became a busy little bee, Saturday night, and during the wee hours, Sunday morning, at the expense of the city of Daly City. As a matter of fact, Max busied himself while lodging in the Daly City jail to the extent that he was removed to the county jail in Redwood City.

It all began when Max and his pal, E. T. Emerson, San Francisco, were driving through Daly City's dimout area with the bright lights on. Emerson was driving the car, and when police stopped them they found that Max and his pal had been "hoisting quite a few," as the saying goes. Police officers arrested the pair and jailed them.

Apparently, Max didn't like this idea. He didn't mind being there, but it was too confining! Along about 10:10 p. m., according to police, Max became restless and

Colma Council Names M. J. Jensen Director

Colma's town council appointed M. J. Jensen to the post of director of Colma civilian defense, Monday at a council meeting. He succeeds John H. Price, former director, who has enlisted in the United States Navy.

Jensen, formerly chief air raid warden, was appointed following the reading of Price's resignation in which Price submitted Jensen's name. A motion by Councilman Peter Barsi was passed unanimously by the council, accepting Price's resignation and appointing Jensen.

CD Council Asks For "Organization"

Auxiliary police officers in the Civilian Defense set-up, under fire from air raid wardens and other divisions of civilian defense since dimout patrol was instituted here, were ordered by the Council to be better organized.

A meeting of the Daly City Police department was called, last night, and the Civilian Defense Council demanded that the police department, which is the official head of auxiliary police volunteers, make plans at that meeting to "organize auxiliary police and see that they complete their basic training."

The police meeting was called after the Civilian Defense Council discussed the apathy of the auxiliary police division and heard complaints from air raid wardens at the civilian defense meeting, Thursday. Main objections from air raid wardens was that auxiliary police officers were needed to

Collectors Will Be Around, Sunday

After a house to house scrap metal drive in north Daly City that netted over thirty tons of scrap iron, steel, and other much needed war metals, Daly City's Salvage for Victory committee will head their collection trucks for streets in the southern section of the city, Sunday, to get every piece of scrap at every home.

The southern flank of Daly City's "third front" has been designated as all persons living south of Wellington avenue and Bepler streets. If you live in this section of the city, collect every available piece of scrap metal in your house, and place it on the curb in front of your house Sunday morning. Daly City's Salvage committee, assisted by the Daly City Post No. 410, American Legion and Old Glory Post No. 2044, Veterans of Foreign Wars, will call for your collection, Sunday.

Do not put out only what scrap you see; look for it by searching every nook and corner of your house, garage, and anywhere else on the premises, because Uncle Sam needs this metal, and he needs it desperately. This was the appeal by R. L. Crane jr., salvage chairman. Crane declared that it was every American's duty to turn in scrap metal, all of it.

The drive in the northern part met with fine success, Sunday, both from the persons collecting the scrap and from the residents who gave scrap metal. One outstanding example of the willingness to give scrap was found when the truck pulled up near a trailer full of scrap steel and iron. When the collectors began to take the scrap out, the man who owned it told them, "take the trailer too; I'm not using it."

Four trucks were used in hauling the scrap metal which was collected Sunday. In addition to the city truck, the following three persons donated their private trucks: Gus Nygren, operator of a wrecking business; Tony Milano, contractor; and James Welsh, manager of a moving and storage plant.

Not only the veterans but the "city fathers" were out helping load the scrap. Mayor A. J. Gaggero and Councilman Eugene Lynch helped fill the trucks with metal for America's war industries. City employees who volunteered their time were John "Sunny" Callan, Dave Caffaretto, and

John Price Resigns As Colma C. D. Head

Civilian defense in the town of Colma lost its two most important key men, this week, as the resignations of John H. Price, director, and Bradford S. Welsh, assistant director, were announced. Both men are going into the service of the country. Price has enlisted in the United States Navy and is awaiting orders to report for duty. Welsh has joined the Merchant Marine service and expects to leave in the next few days.

Although Price has resigned the director post, he said, Monday, that he will continue to take an

"Maisie Gets Her Man" At Daly City

Laughter and romance are expertly blended in "Maisie Gets Her Man," newest in Metro-Goldwyn-Mayer's series involving the abilities of Ann Sothern and Red Skelton. The picture is currently playing at the Daly City theatre.

The story is a fast-moving one which takes place against the background of the "Larceny Building," a dingy edifice which has the offices for an assortment of small-time promoters and bookies.

Maisie is still the smart Brooklyn gal, but thanks to the adventures she currently finds herself in, Miss Sothern is able to wear more than one dress. Coming after Miss Sothern's recent success in "Lady Be Good," the current picture is further evidence of the versatility of this popular star. The film also marks the star billing for Skelton, and he well deserves it. Red plays a corny comedian who is a failure on the stage, but a swell guy just the same. Skelton is not only an uproariously funny comic, but an able actor as well.

One of the factors that lend undiminished interest to the film is the strong supporting cast.

Group 141 Boys Enjoy Hungry Hollow Outing

Thirty scouts and cubs from the Boy Scout Group No. 141 enjoyed themselves at a picnic, last Friday evening, at Hungry Hollow. For three hours, the boys frolicked, playing various games and trying out for roles in a movie, soon to be filmed.

The tryouts were filmed for leading parts in the Indian and Pioneer play that Group 141 plans to make within the next few months. The play, when completed, will be shown at the USO clubs throughout the country. Costumes and other equipment incident to the movie will be a part of the activity project program of both the troop and the pack for the next few weeks.

Most of the boys were transported to the picnic in a truck loaned through the courtesy of Cub Dad Walter Dean. A few made the journey by bicycle.

Refreshments were sandwiches, "bugjuice" (berry punch to you) and popcorn bars. The popcorn was part of a treasure hunt in which all the boys participated. Little black paper tokens were hidden in the woods—one for each boy. And each had to search until he found a token, then came his reward in the form of a popcorn bar.

Scouts at the outing were Robert Thompson and Jacob Hummel; scout candidates Lyle Pense, Harry McCune, Frank Cox, and Oscar Just. Cubs: Walter Dean, Bobby McCune, Gerald Young, Bobby Raine, George Ritter, Frank Shreve, Rodger Lille, Alex Findlay, Bernard Voelker, Raymond Lagomarsino, David Cafferetta, Louis Merlo, Robert Martinella and Donald Fulton. Cub candidates: Billy Lemon, Billy Jespersen, Harold Mosman, Billy Ritter, Delbert Melich, Jimmy Petty, Bobby Sayko, Billy Morgan, and Raymond Hayes.

Group committeeman, Neil Edwards with little Neil Jr., and Leader Joseph Straughan accompanied the boys.

RUNAWAY AUTOMOBILE DAMAGES FENCES, KILLS DOG ON EVERGREEN

A runaway automobile belonging to Frank Continolo, 439 Evergreen avenue, caused considerable damage to property and killed a dog, shortly before midnight Saturday, when it rolled downhill on Evergreen avenue.

The car was parked in front of Continolo's house, and as it sped down the hill it struck a fence at the home of William H. Eastwood, 274 Evergreen avenue; a wall and the house of John Curto, 268 Evergreen avenue; a fence belonging to Jack Von Hirsh, 226 Evergreen avenue. The dog which the car struck and killed belonged to Mrs. Gertrude A. Nagel, 1143 Brunswick street.

Investigation by police, right after the runaway car was reported, failed to reveal any damage since the car had been removed before police arrived. However, a daylight investigation by Sergeant W. W. Sunderland showed that the above damage had been done.

All parties involved refused to press charges since Continolo agreed to pay for the damage in each case. Mrs. Nagel, owner of the dog, agreed that it was an accident. Continolo was issued a tag for improper parking, failing to cramp the wheels into the curb.

"Never in all history has the call for defenders of freedom been so urgent as at this moment."

"Brave men are needed—stouthearted men—men who would rather fight to stay free than live to be slaves."

"If that's the way you feel about it, your place right now is with the Navy—your Navy—in America's first line of attack—shoulder to shoulder with the red-blooded men of action who are determined to defeat the Axis, who are not only remembering Pearl Harbor but are doing something about it."

VETERANS URGE ACTIVE WAR LEADERSHIP

Former Servicemen Supporting World War Buddy In His Race For Governorship

Earl Warren Served With the 91st Division; His Defense Record Is Praised

Veterans of World War I—thousands of them—under the statewide leadership of Frank N. Belgrano, Jr., former national commander of the American Legion, today are campaigning for their 91st Division buddy, Attorney General Earl Warren, in his fight to win the Governorship of California.

In their campaign for new leadership in State administration, they point to Warren's activities in connection with Civilian Defense, and they openly charge Governor Culbert L. Olson with a record of appalling neglect of war preparedness and bungling of the State's defense program in "his game of playing politics as usual" for personal gain.

Veterans are still incensed at Olson's unwarranted attempt to belittle their efforts against subversives and un-Americanism. They do not forget his veto of bills requiring school children to pledge allegiance to the flag; his veto of a bill permitting high school boards to purchase cadet uniforms; or that, in the State Senate he cast the only vote, on May 25, 1937, against a California National Guard appropriation. His record of defense neglect is long.

Warren, on the other hand, as early as January, 1941—long before Pearl Harbor—analyzed the war situation, mustered peace officers of the State, and sponsored practical defense measures. He is a forceful and courageous leader, veterans declare.

Families of men now in the service are numbered among Warren's staunchest supporters, because he also assures intelligent after-the-war leadership.

Wings of Victory

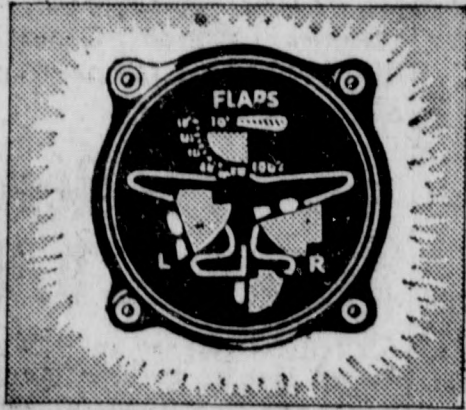

Electricity helps make America's war planes some of the world's most deadly weapons. Here are a few of the ways in which G-E equipment serves in the air.

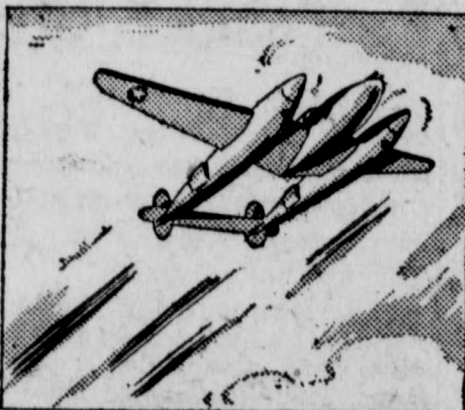

1. Lamps are the eyes of the plane at night, ranging in size from cockpit lamps no larger than a pea to landing lamps of more than half-a-million candlepower.

2. Radio combines the voice and the ears of the plane, allowing communication between the pilot and his squadron, and the ground and sea forces.

3. Instruments are the sensitive brain that relays messages to the pilot from all parts of the ship and helps him to control the plane in its flight.

4. Superchargers are the lungs of the plane, pumping extra oxygen to the carburetors, giving our planes the altitude so necessary to modern warfare.

Navy Mothers Club To Meet Tuesday

The San Francisco Navy Mothers Club No. 202, will hold a meeting next Tuesday, October 20, at 8 p. m., at Dovre hall, 3543 Eighteenth street.

The club meets regularly on every first and third Tuesdays of the month. Mothers, having sons in the navy, marine corps, coast guard, or naval reserve, are eligible to become members in the organization.

A dinner and bazaar will be given by the Navy Mothers, October 20. On October 27, Navy Day, the club will be in charge of the Hospitality house.

active part in civilian defense until he is called for naval duty. Succeeding Price was M. J. Jensen, who has also served Colma's civilian defense cause. Jensen, who is associated with Mt. Olivet cemetery in Colma, has been chief air raid warden of the community.

"Mr. Jensen has been chief air raid warden, and is quite familiar with the setup," Price said, in commenting on his successor. Price is still planning for civilian defense in Colma, discussing plans for the erection of a tower to install their new electric siren there.

Another indication of the success of the civilian defense agency in Colma was the report that over 25 tons of scrap metal was turned in from Colma, netting \$175. This amount was placed in the fund for the Civilian Defense Council.

Price is joining the construction battalion of the navy, known as the "seabees." He has passed his physical examination and is awaiting call to duty.

IT WAS QUITE A PARTY!

"Lots of fun" was the way the more than thirty participants described a recent Saturday night's party at Co. 3 firehouse.

The party, given by auxiliary firemen of Company 3, D. C. F. D., was a social for those men, and their friends, who have been working together in Civilian Defense. Roy Allain handled the decorations and refreshments were served up by Emil Ferretti and John Jarnagin.

Honored guest was Captain Gus Ford.

will give all who attend an opportunity to celebrate Hallowe'en, dimout or no dimout.

The festival will be held at Smith Lumber yard where booths are to be erected for each game and activity. Plenty of fun and lots of food is in store for all who attend this festival. Booths will be built by Pete Kelly and Ernie Cuneo.

Drawing tickets are selling fast, according to Bob Lucier, publicity man, but there are still many available. They may be purchased from committee members or by calling at the parish house.

Dinners will be served at the bazaar by the Mothers club. Members of the church choir have announced that they will conduct a war savings stamps booth.

The annual Fall Festival is open to the public, and all are cordially invited to attend.

FRED ROBERTSON ENLISTS IN NAVY

Fred Robertson, son of A. W. Robertson, Robertson's Egg store, bids goodbye today to his many friends in Daly City. Young Robertson leaves to join the navy as an apprentice seaman, after enlisting in that service a short time ago.

A graduate of Jefferson Union high school, Robertson has been employed by the California Poultry Producers in San Francisco. Prior to his position in the city, Robertson worked in his father's store here in Daly City.

Football Saturday

After three non-league games netted one victory and two losses for Jefferson high gridgers, the Indians will open the PAL campaign, tomorrow afternoon, on the Burlingame turf against the strong Burlingame Panthers.

The game will start at 3:15 p. m. Coach Glenn South is taking a squad of 40 Indians for the game.

Burlingame was a tough opponent for the Jeffs to draw in their first league encounter, according to Coach South. The Panthers defeated Bellarmine high, which was victorious over Jefferson.

America's automotive service men are playing an important part in the nation's war effort. It is their job to "save the wheels that serve America."

The Automotive Mechanic of Yesterday Is the **VICTORY SERVICE MAN** of Today

Help him to help you
"SAVE THE WHEELS THAT SERVE AMERICA"

by getting a skilled service check-up regularly

Take the word of millions:

MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE

than to any other dealer organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts*:

● Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.

● In some sections, 78% to 100% of the workers drive by automobile to vital war plants.

● 2,314 U. S. cities, with a population of 12,524,000, depend on private cars for transportation;

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

*All statements based on reports compiled by the Michigan State Highway Department and the Statistical Department of A. M. A.

54,000 communities depend entirely on motor vehicles.

● Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.

● More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.

● Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.

● Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

Private Claus Helps Keep Uncle Sam's Army Rolling

Jeeps, trucks, and tanks are "kept rolling" by the army's vast automotive service, the branch of our army in which Private George Claus, 26, 94 Theta avenue is serving.

The Daly City man is now in training at the United States Army Motor Base in Baltimore, Maryland. Gunning for his sergeant's stripes and an inspector-foreman's job, Private Claus is enrolled in a two month course in mechanical operations there following his basic training in San Diego.

A steamfitter by trade in civilian life, Private Claus has lived in Daly City for the past twelve years, having also resided with his parents at 57 Vale street. He was educated at Balboa high school. He was married six months ago to a popular young Daly City girl, the former Miss Mary Siragusa.

Greyhound Asks Public Cooperation To Solve Problem

Over fifty per cent more people are riding by bus today than ever before, according to F. W. Ackerman, vice president of Pacific Greyhound lines. While a majority of the new bus passengers are men in uniform and war workers, Ackerman pointed out, present driving restrictions on private cars have also created thousands of new bus riders, and the rationing of gasoline will soon make even more people dependent on public transportation.

Service men use the buses in much greater numbers on Fridays, Saturdays, Sundays and holidays. There is no slackening in transportation to the war plants, most of which never close, and week-ends and holidays are also the favorite travel days for the general public. As a result buses are completely swamped on these days.

The Office of Defense Transportation is now requesting that the general public voluntarily reduce their week-end and holiday use of public carriers, that only trips that are absolutely necessary be made, and that such traveling be done on Tuesdays, Wednesdays or Thursdays.

Ackermann summed up the problems and policy of Greyhound on war-time transportation in the following words:

"Never has public transportation faced such problems as it does today. Greyhound alone has carried over 75 million passengers since Pearl Harbor, and handling this enormous volume of traffic has taxed every facility to the limit. It is difficult to get new buses, and we are losing hundreds of our trained personnel to the armed forces. Unnecessary service is being eliminated, and every effort is concentrated today on providing just one service—essential transportation for those who must travel to help win the war."

Lost and found columns of Tokio newspapers are crowded these days. Every time an American buys a War Bond, the Japs lose face. Buy your 10¢ every pay day.

stop night speeders and motorists traveling with bright lights through main arteries in Daly City—designated in the army's Zone of Restricted Lighting.

Arthur J. Bodien, civilian defense director, was chairman at the meeting, Thursday. At the outset of the meeting, he asked that personal feelings be left out of the discussion, that civilian defense was too vital to the welfare of the American people to allow the personal aspect to have a place in it. Several times throughout the evening, Chairman Bodien had to stop arguments.

"Even though the auxiliary police officers are not organized into a working unit," Bodien said, "it is still not too late to rectify this and mold volunteers into an efficient organization."

Police Chief James G. Reardon is the head of the auxiliary police service and the following regular officers are in charge of the eight auxiliary police districts in Daly City: Sergeant William Bolger, Sergeant Ricco Benedetti, Henry Sundermann Jr., George Savage, Ed Heim, Roland A. So, he had a one way ride to Redwood City to the county jail with Officers Henry Sundermann Jr. and Roland Petrocchi. His bail was raised from \$100 to \$200, and he was released on payment of it. TOO MANY PEOPLE ARE STILL TRAVELING ON WEEK ENDS—SAYS ODT

WASHINGTON, (AP) — Too many people still are traveling on week-ends by bus and train. Sounding this complaint today, the office of Defense Transportation said that a further shift to mid-week travel of at least 8 per cent was necessary to eliminate the peak week-end travel load. The report showed heaviest ticket sales on Saturday, when an average of 21 per cent of the week's entire sales take place. Sunday is next with 16 per cent.

THE OFFICE OF DEFENSE TRANSPORTATION states that week end travel must be reduced. Only so much transportation is available, and war service must come first. Transportation facilities are being stretched to the limit. New buses are difficult to obtain. Unnecessary bus service is being eliminated to meet the ever growing demands of the armed forces, war workers, and others who must travel to help win the war. Hundreds of our men, who used to serve you, are now in the military service (and we're proud of them) creating a serious shortage of trained personnel.

The time has come when every American must realize that *pleasure travel is a peacetime luxury.*

Greyhound is committed to the vital job of providing one service only—essential transportation.

If You MUST Travel, Follow These Suggestions:

- ★ Ride on Tuesdays, Wednesdays, Thursdays—leave week ends for men in uniform and war workers
- ★ Get tickets and information well in advance.
- ★ Take as little baggage as possible.

Classes

A. W. V. S.

You can't say that the A. W. V. S. Jrs. aren't in there pitching. And for that matter, so are the students at Jeff. A proof of that fact is that in the first eight days of this month, the organization took in \$542.35 at their war stamp and bond booth at school. Decorated in red, white, and blue, with huge "VS" on each side, the booth is centrally located just outside the auditorium.

Last week's drive was successfully chaffered by Anna and Alice Crossland. This week, Virginia Adams will be at the helm. Miss Edna Smith, head of the organization, announces that another sponsor will be Miss Mary Bergquist.

STUDENT BODY

Within the near future, the Sergeant-at-Arms (disciplinary) committee will be reorganized. Since this committee is composed of students, it will be changed in order to permit greater expression by the students.

The Student Body is presenting \$2.50 in war saving stamps to each of the two teachers who recently became parents. The proud poppas are Oscar Busch, music instructor, and Stanley Martin, industrial arts instructor. Busch's baby girl was born, July 4, while Martin's boy was born October 1.

Pix on the bulletin board this week show the many happy couples at the Pow-Wow dance who whirled merrily to the music served up by the Indians of Rhythm.

SPORTS

A life saving course for both boys and girls will be taught after school for all those interested. The first class will be held today. Miss Ella Redkey, P. E. instructor, will be in charge. After a student has completed 20 hours, a Red Cross Life Saving Certificate will be awarded.

No doubt there are plenty of tired arms tonight among the coeds at Jeff. For this week saw the opening of the tennis tournament which from all indications will develop into one big battle.

ASSEMBLIES

Assembly programs presented, last week, included Mary Ellen Leary, feature writer for the San Francisco News, and an original play entitled "Where the Money Goes" was given by members of the dramatics class. The skit was a direct appeal to the students to support the war bond and stamp drive. Joe Rodriguez won acclaim by a few well spoken lines at the climax.

Last Thursday the music department put on a bang-up good variety program to raise funds for new band capes. Highlights of the show were "As America Sang", with Joe Rodriguez acting as narrator, and "Anchors Aweigh", sung by the chorus, while the Jefferson majorettes twirled their batons.

SAFEWAY Homemakers' Guide

Cook for a crowd with the greatest of ease

For economy in entertaining, saving in transportation and genuine victory friendliness, neighborhood block parties or family get-togethers are really atune with the times. Pots of steaming coffee, bowls of crisp salad, and something solid for a main dish appeal to the whole gang.

ORGANIZATION—It's another thing, of course, if large quantity cookery is new to you; but don't despair. Get some organization into the affair, let everyone know what she is to do. A good idea is to divide the responsibilities into cooking, serving, and clean-up duties and schedule everyone's work.

EQUIPMENT—If it's going to take large kettles which none of you have, borrow some. Preserving kettles are ideal for cooking large quantities of food, and cookie sheets make fine covers. Wide shallow pans are usually better than deep ones, because foods cook more quickly in shallow containers and aren't crushed by their own weight.

SERVICE—Buffet service is probably easiest for serving the crowd, particularly if the party is in the small quarters of someone's home. The Homemakers' Bureau has planned this supper menu which is well adapted for buffet style or tray service, although it could be served otherwise.

TEST YOUR METTLE

Time to test your mettle in collecting metal! Every available ounce of unused metal in the country, from gate hinges to superannuated automobiles, is essential. If America's soldiers, sailors and airmen are to get weapons and munitions in the quantity that will make victory possible, you'll have to help. Those pieces of scrap metal which may at this moment be lying in shameful disuse in your basement, attic, garage, or out in the back lot, can, with a minimum of effort on your part, be headed for the steel mills, subsequently for tank, aircraft, ordnance plants, and finally as a fighting machine or weapon to hammer telling blows against the enemy.

If you've got the scrap, get it in the fight.

At The District Grammar Schools

AT CROCKER

Special thanks and commendation were earned by Erwin Sheldahl, low eighth grade student of Crocker school, who used his own personal truck and time to scout the Crocker neighborhood to collect scrap metals and tin. His able assistant was Edward Young, also a low eighth grade student. When tin was collected from the school, last Monday morning, 39 large cartons, two large sacks, and two iron barrels of tin left the building. This amount filled one half of the garbage truck.

Watch the Crocker School News for their plan of organization of the "Junior Navy," made up of the young men and "Waves" of the school. Their goal is to collect every scrap of metal and tin in the district.

ROOM 6

Fun books are being made by the class, to be given to the Red Cross for distribution among service men who have been injured and are confined to hospitals.

Textiles is the social study unit in the fifth and sixth grades. A film called "The Story of Cotton" was shown to the class in illustration of the textile industry.

ROOM 4

Jeanine Estes, former pupil of this room, has transferred to Redwood City.

ROOM 2

A new pupil in Room 2 is Betty DeLong, who formerly lived in Iowa.

AT PERSHING

A marked increase of enrollment at General Pershing school is shown this term. The school now has 262 pupils, including the kindergarten.

The PTA is making plans for the reopening of the school cafeteria. Mrs. Barker's class gave a short program at a recent meeting.

America's war program is in full swing at General Pershing school. The children have responded very well to the tin drive. A captain for each block in the district has been appointed. Purchase of war stamps is also meeting with splendid results from children in the school with increases each week. September's total was \$110.

Four-Star Service Flag For N. S. G. W.

A beautiful four-star service flag was dedicated by El Carmelo Parlor No. 256, Native Sons, to the honor of their members in the armed forces at their last regular meeting.

The four service stars were placed upon the flag for the following brothers of the order, who are in the fight and doing their part for Uncle Sam: Charles Anderson, army; Albert Gregoire, army; Dr. M. Dreesse, navy; and Eugene Green, navy.

A resolution was passed by the parlor to send all members in the armed forces a Christmas gift package wherever they may be. The parlor expects that many more of its brotherhood will be in the service within the near future.

NATIVE DAUGHTERS ELECT MRS. HULME

Mrs. Christine Hulme was elected to the office of third vice president at a regular meeting of El Carmelo Parlor No. 181, N. D. G. W., held Wednesday, October 7.

Formal installation of the officer will take place at the meeting November 4. Due to the resignation of Mrs. Alice Brown, the officers preferred not to step up but to leave the office open to Mrs. Hulme who has served the parlor for 13 years as financial secretary and who was too occupied with the obligations of that office to go through the chairs.

A gala night for all El Carmelo members will be held November 7. Members having birthdays in that month and the newly elected third vice president, Mrs. Hulme, will sit at the table of honor at the social following the regular meeting. Everyone will attend in formal attire to honor their distinguished sisters. Mrs. Irene Littlewood has been appointed chairman of the social.

At the last meeting of the organization, Mrs. Shirley Salmirs, history chairman, outlined the early history of California from the date of the Spanish expeditions and the discovery of California by Cabrillo up to the Russian invasion. Succeeding sequences will carry the report up to the present era.

Mrs. Pauline Quirolo, Americanism chairman, added another report to her two previous ones. The latest ones were on Constitution Day and California's admission into the union.

Colma PTA Announces Afternoon Whist Party

The regular monthly whist will be held by Colma P. T. A. next Tuesday at 2 p. m. at the Jefferson Annex.

Women in charge are Mrs. Louise Zanetti and Mrs. Gertrude Stanghellini. There will be a cash first prize as well as many other nice awards. The public is invited.

AT WOODROW

A new pupil in the low eighth grade at Woodrow is Richard Kastner, formerly of Idaho.

A very interesting film on Mexico was shown to the eighth grade for their work on "The Americas."

"The Growth of the United States" is the title of some new booklets prepared by the pupils of the high seventh and low eighth grades.

For their unit on textiles, the sixth graders saw a film produced by the Australian Commonwealth entitled "Golden Fleece." The art lesson in the high fifth and low sixth grades resulted in the pupils bringing in many different kinds of leaves.

As a result of their study of "Farming through the Ages," fifth grade pupils are planting Victory gardens.

Robert Sayko, formerly of Idaho, joined pupils in the low fifth grade at Woodrow.

ARM SIGNALS

Failure of drivers to signal or give proper signals resulted in accidents during 1941 in which 760 persons were killed and more than 84,000 injured, states the California State Automobile association.

Native Daughters Sponsor Big Public Whist, Food Sale

Card Players, attention! The annual "Homeless Children's whist and Food Sale", sponsored by El Carmelo Parlor No. 181, N. D. G. W., is scheduled to take place next Wednesday evening, October 21, at 8:30 p. m. in the Masonic hall.

So, if you like to play cards and enjoy well-cooked home-made foods, mark that date on your calendar as the event for the month of October.

The food sale and whist will be a benefit for California's homeless children. The committee has adopted "Many tiny mouths to feed and many tiny babies to clothe" as their slogan, and have gone all out to make the affair a success.

Committee chairmen Mrs. Christine Hulme, Mrs. Hattie Kelly, and Mrs. Florence Flynn have announced that there will be a generous first prize, while merchants from both Daly City and San Francisco have contributed numerous other valuable awards.

Miss Irma Zerga and Miss Adele Wood will be in charge of the food sale. Among the home-cooked goodies to be placed on sale will be cakes, pies, cup cakes, cookies, candies, salads, jams and jellies.

NON-PRIORITY

GOVERNMENT REGULATIONS haven't hampered designers one whit in turning out lovely clothes. Helen Forrest, who sings with Harry James' "Music Makers" over Columbia network, wears one of this season's most popular models in natural colored crepe. It features the new twisted drape which requires no zipper and the minimum of material. (From De Pinna. New York.)

COUNCIL

(Continued from Page 1) armed forces will be represented.

The fire commissioners also asked for the council to pass on new members of the department and certain changes from one company to another. However, action was laid over to a future meeting.

Following their newly adopted policy of each city department keeping a separate inventory, the council ordered a similar inventory for supplies to be kept by the Civilian Defense Council.

of water on the properties of Cypress Lawn and Holy Cross cemeteries is expected to begin in the next few weeks. Through a communication at Monday's meeting, the council learned that their permit to construct a drain pipe under the Southern Pacific Railroad tracks was granted by the railroad. Another permit to begin construction on property owned by the Market Street Railway has been granted.

Councilman Mattrup Jensen made a motion that E. A. Weisenburger, city clerk, be instructed to get permits from both Cypress Lawn and Holy Cross cemeteries. Jensen pointed out that permits from both of these firms must be secured before the town could start work on the drainage system.

DIMOUT

be shaded at night, but it is still surprising how many people are ignoring the dimout rules."

Bodien said that the city was being completely patrolled nightly by air raid wardens who are authorized dimout officers in Daly City. He warned all violators of the proclamation that they will be prosecuted here with violating the dimout ordinance, and warned them of the penalty of \$300 or 90 days in prison.

"If the case warrants federal prosecution rather than the ordinance," Bodien cautioned, "it will mean exclusion from the Western Defense Command."

Motorists will find little change in their obligations in complying with Public Proclamation 12, except that police, fire, ambulance, and other emergency vehicles will be singled out and authorized to have their headlights on while on an emergency call. Otherwise, motorists are to follow the same ruling authorized in the preceding dimout proclamation, in effect, that all vehicles traveling in areas visible from the sea must dim their lights so they do not exceed a 250 beam candlepower. Although the make of car varies the rule, in most cases parking lights are the maximum lighting permitted.

The amending proclamation included an amendment on industrial lighting in outdoor areas, but Bodien pointed out that there was no problem here, since Daly City does not have any war industrial plants.
